

KUM Quality Policy

Prepared by:

Quality enhancement Cell (QEC)

Kohsar University Murree

1 Preamble

1.1 The Quality Enhancement Cell (QEC) of Kohsar University Murree is committed to foster a culture of excellence, accountability, and continuous improvement across all academic and administrative domains of the University. This Quality Policy has been developed to provide a comprehensive framework for maintaining and enhancing standards in teaching, learning, research, and institutional governance. It reflects the University's dedication to aligning its practices with national regulatory requirements and international best practices, ensuring that its graduates are equipped with the knowledge, skills, and values necessary to contribute meaningfully to society.

1.2 Through this policy, QEC aims to institutionalize systematic quality assurance mechanisms that promote evidence-based decision-making, stakeholder engagement, and outcome-driven performance. The policy serves as a guiding document for all academic and administrative units, emphasizing transparency and ethical practices.

2 Scope

This policy applies to all academic and administrative units, including faculty, staff, and students of Kohsar University Murree.

3 Policy Statements

5.1 Commitment to Quality

The University is committed to embed a culture of quality across all its functions. Clear and measurable quality objectives will be aligned with the University's strategic priorities. KUM QEC will oversee the implementation, monitoring, and periodic review of quality assurance mechanisms.

5.2 Stakeholder Engagement

Active engagement with students, faculty, staff, alumni, industry, and the community will be ensured to address their needs. Stakeholder consultations will be regularized to support institutional planning and quality enhancement initiatives.

5.3 Continuous Improvement

Internal and External Quality Assurance processes will be continually conducted in line with HEC guidelines to identify improvement areas. Evidence based action plans will be developed and implemented based on audits and stakeholder feedback.

5.4 Academic Excellence

Academic programs will be aligned with national socio-economic requirements and industry requirements. Innovative approaches and technology integration will be promoted. Comprehensive student support services, including advising, counselling, and career guidance, will be ensured.

5.5 Research and Innovation

Research activities will be aligned with national priorities and global challenges. Institutional support will be provided through incentives, facilities, and collaborative

opportunities. The research will be promoted to adhere with the highest ethical and professional standards

5.6 Governance and Leadership

Transparent and participatory governance structures will be maintained. Capacity building and Impact Training programs will be organized for academic and administrative leadership.

5.7 Quality Assurance and Enhancement

Robust internal quality assurance systems will be developed and sustained. Accreditation of academic programs and institutional processes will be actively pursued. Continuous monitoring systems will support informed decision-making.

5.8 Infrastructure and Resources

Investment in modern infrastructure and technology will be done to support teaching, learning, and research. Environmentally sustainable practices will be encouraged across the campus. Sustainable Development Goals will be adopted and pursued.

5.9 Community Engagement

Outreach initiatives will be promoted to inculcate social responsibility among students and staff. Strategic partnerships with industry will be augmented to enhance employability and academic relevance.

5.10 Ethical Standards

A comprehensive code of conduct will be applied for all members of the University. Diversity, equity, and inclusion will be actively promoted. Academic integrity will be upheld through strict policies on misconduct.

5.11 Monitoring and Evaluation

Key Performance Indicators (KPIs) will be established to evaluate institutional effectiveness. Regular reviews of policies and processes will ensure continuous relevance and improvement.

5.12 Communication

Transparent communication channels will be maintained for stakeholder engagement. Periodic reports on quality assurance activities will be disseminated. Engagement forums will be organized to gather feedback on quality related matters.

6 Responsibilities

6.1 QEC: Responsible for overseeing policy implementation, monitoring, and evaluation as per HEC QAA guidelines and International best practices.

6.2 Academic and Administrative Units: Responsible for compliance and active participation in quality assurance/enhancement processes.

6.3 University Leadership: Responsible for integrating quality policy into strategic planning and institutional operations.

7 Review and Monitoring

This policy will be reviewed annually by the QEC and revised as necessary to reflect evolving institutional priorities, stakeholder expectations, and best practices in quality assurance.
